To scale our team, we are looking for a

Linux Platform Engineer

Scigility combines academic and practical knowhow to a unique Big Data service offering for our customers. **We define, build and operate integrated Big Data platforms**, build applications to create new insights to our customer's data and support customers within the legal framework.

Your tasks
- Design, Build, operate and maintain **distributed, high-available systems for Data Analytics**, either on cloud- / hybrid or on-premise platforms, leveraging state-of-the-art technologies, tools and methodologies
- Create workflows to facilitate **automated setup, configuration, security and deployments** as Infrastructure-As-Code artifacts
- Review, audit and troubleshoot existing solutions and system architectures
- Participate in **customer workshops** and presentation of the proposed solutions
- **Explore available technologies** to provide business support to our clients

Your profile
- Degree in Computer science or equivalent
- Valid Swiss working permit
- You are a proactive team player with the ability to work independently and accurately in interdisciplinary projects
- You are curious about new technologies and willing to learn
- Strong problem solving skills
- Strong command of English. Good knowledge of German and/or French is beneficial
- Hands-On experience in applying **IaC** and **deployment automation**
- Proficient in **Linux administration** and **Networking** setup and troubleshooting
- Experience in setting up **secure & high-available** distributed systems (SSL, Kerberos, SSO,...)

Your bonus skills
- Hands-On experience in **Big Data technologies** (Hadoop, Kafka,...)
- Hands-On experience with cloud environments (**AWS / Azure / GCP**)
- Experience with Microservices, Docker and Kubernetes

Your Opportunities
Design your career with Scigility in a culture that promotes innovation and diversity. We offer you to join a young and professional team in an environment that constantly opens new doors through knowledge sharing, flexibility and recognition.

Your Application
We are looking forward to receiving your application online on jobs@scigility.com.
