

The University of Vienna (20 faculties and centres, 178 fields of study, approx. 9.800 members of staff, about 90.000 students) seeks to fill the position of a

## Scientific Staff at the Research Group Software Architecture

from 01.01.2020 to 15.04.2021.

The focus of the research group is on research in the areas of software architecture, software design, and software engineering. The group is looking for highly motivated research assistants, PhD candidates. We offer an excellent working environment in a young, creative, highly motivated, and international team.

The research topics should lie in the context of software architecture, design or engineering methods addressing specific topic areas such as: cloud and service-based systems, microservices/APIs, continuous delivery/DevOps, API analytics, empirical software engineering or metrics.

A successfully completed master's degree in Computer Science, Business Informatics, or a closely related field is required, whereby knowledge of computer science is assumed to be a given. Excellent English and German language skills are preferred.

The position is initially limited until 15.04.2021 with the option of an extension up to the end of the project.

You can find more information regarding the open position at <a href="https://univis.univie.ac.at/ausschreibungstellensuche/">https://univis.univie.ac.at/ausschreibungstellensuche/</a> Reference number: 10140

Applications including a letter of motivation (German or English) should be submitted via the Job Center to the University of Vienna (<a href="http://jobcenter.univie.ac.at">http://jobcenter.univie.ac.at</a>) no later than 27.11.2019, mentioning reference number 10140. For further information please contact Zdun, Uwe +43-1-4277-78510.

The University pursues a non-discriminatory employment policy and values equal opportunities, as well as diversity (<a href="http://diversity.univie.ac.at/">http://diversity.univie.ac.at/</a>). The University lays special emphasis on increasing the number of women in senior and in academic positions. Given equal qualifications, preference will be given to female applicants.
